• a fun place to learn and grow •

early childhood management services
making a positive difference

About us

- ★ Our centre is conveniently located next to Taylors Lakes Primary School and overlooks Lionheart Park.
- ★ At our centre, your child will have the opportunity to make friends, be creative, learn new things, improve skills and gain new ones.
- ★ Our program is flexible and responsive to children's ideas, yet includes careful planning and resourcing.
- ★ We allow children time to learn, time to play and time to enjoy!
- ★ We strive to nurture each child's unique qualities and potential.

We provide a rich play-based learning environment.

We believe that

- ★ All children are unique and should have the opportunity to reach their potential.
- ★ Early experiences lay the foundations for future learning.
- ★ Children are competent thinkers, problem solvers, inquirers, negotiators, inventors and lifelong self-directed learners.
- ★ Children learn through investigation, exploration and play. We recognise play-based curriculum as central.
- ★ Children's social development occurs through interaction with peers. All children should be helped to engage with others, to respect themselves and others and understand the world around them.

Our program

- ★ Accepts that play can take many forms i.e. modeling, imitating, observing, experiencing, discovering, exploring, experimenting, problem-solving and contemplating.
- ★ Takes children's developmental level into consideration as we plan the experiences, which form the basis of the educational program.
- ★ Provides plenty of time outdoors with a large grassy area for running and active games and intimate spaces where children can play alone or in small groups.
- ★ Acknowledges parents as the child's primary role model and teacher and values their participation in their child's education. We acknowledge the importance of this relationship.
