• A great place to learn •

early childhood management services
making a positive difference

About us

- ★ We offer excellent educational kindergarten programs for both three and four year old children.
- ★ We provide a safe and secure environment where each individual child can express themselves and enjoy kindergarten.
- ★ Our program provides children with the opportunity to learn and develop through play – the way children learn best.
- ★ We are conveniently located, opposite the shopping centre.
- ★ Our experienced, qualified early childhood staff develop and implement high quality programs and provide an emotionally warm and intellectually stimulating environment for the children.

We respect a child's need to develop their independence, personality and ideas, allowing children to explore the world in ways that are interesting and fun.

We strive to:

- ★ provide your child with a happy, safe and caring environment
- ★ develop a play-based program that best reflects the children's individual and group needs
- ★ offer a variety of activities that enables children to develop to their fullest potential
- ★ achieve a level of independence appropriate to the child's age and ability.

Our program:

- ★ provides an opportunity to grow and develop in all areas – social, emotional, physical, cognitive and language
- ★ provides activities which encompass early literacy, numeracy, science, the environment, art, music and dance
- ★ allows children to choose their own activities both indoors and outdoors
- ★ assists children in becoming prepared for their transition to school.
