McLEAN'S ROAD KINDERGARTEN

*Learning is a journey of discovery  
which lasts a lifetime ...*

early childhood management services  
*making a positive difference*

## About us

- ★ At McLeans Road Kindergarten we offer age-appropriate programs for both three and four year old children in preparation for their transition to primary school and beyond.
- ★ We believe play to be an essential part of a child's growth and development. Through play children learn new experiences, to create, express themselves and make sense of their world.
- ★ We offer experienced and suitably qualified staff who tailor their programs to suit the individual needs and interests of your child.
- ★ The kindergarten was the first in the City of Whittlesea to be classified as 'Go For Your Life' by the Victorian State Government, promoting healthy eating and lifestyle.
- ★ Our kindergarten is located in Norris Bank Park, providing a natural and appealing setting with close proximity to local schools for your convenience.

**Children should be allowed the time to experience the joy and wonderment of childhood.**

## We strive to

- ★ Provide an environment that is happy, relaxed, inviting, enjoyable and encourages development.
- ★ Develop your child's personal skills such as self-confidence, self-esteem, tolerance, communication, problem solving and cooperation in order to face the challenges of life.
- ★ Offer a range of activities which challenge and empower your children to reach their full potential.

## Our program

- ★ We provide a holistic program supporting a child's sense of identity, community, wellbeing, learning and communication through play.
- ★ Our activities offer children many opportunities to explore, experiment, test their own ideas and pursue their own interests.
- ★ Incorporated into our stimulating program are many opportunities for your child to develop their fine and gross motor skills using many different mediums.
- ★ The kinder provides indoor and outdoor activities incorporating the natural environment and setting.
- ★ We also arrange a number of incursions during the year which complement and extend our program.
- ★ We value the importance of parental involvement by providing many opportunities for parents to get involved in the 'life' of their kindergarten.
